AYER'S
Sarsaparilla
FOR PURIFYING THE BLOOD,
And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.
J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,
ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Erup*tions by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre* —a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Rev. E. S. Chuming, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the *uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.
DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.
DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a [illegible] for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these complaints have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

CURES AND COMFORT FOR THE BED-RIDDEN.
—BY—
Holloway's Ointment.

This wonderful Ointment acts like magic in relieving curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerne the most wholesome influence over the internal structures It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe-

Diptheria, Bronchitis, Sore Throats, Coughs and Colds

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills, which act [illegible] upon the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complain which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where these organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, to so delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from piles and similar complaints when they might be Holloway's Ointment with instant relief, and effect a cure in their own house without the annoyance of explaining their ailment to any one

Reform.

If it were within the power of the people of this Colony to elect their Governor every three years, is it at all probable that they would succeed in obtaining perfection? Would they aim at it? or would they deem it impossible to arrive at so desirable an end, and content themselves with something below mediocrity, this is scarcely probable; and yet we are well aware that the best men have not always been elected to high offices in those countries where the elective system has prevailed. Accustomed as we are to a very different system, it seems foreign to our nature to pursue the course which our neighbors in the States have adopted with regard to their executive officers, and yet there would probably not be any material difference in the character of the men that we should find appointed to govern Colonies and Dependencies of England, if the mode of appointment were changed. We should have, then as now, men whose professions at starting were loud, and whose promises were large, but whose deeds and actions would be as weak and trifling as are those of the Executive under existing circumstances. It is quite possible that a new class of men might be brought to the surface, if every candidate for a Governorship had to run the gauntlet of popular election, certain it is that those who cannot exert themselves to transact any kind of business, would have to retire into private life, the public service would survive the loss, and would thrive just as well under the auspices of a different class, who would be compelled to show more activity, but the principal difficulty would be found to be the selection of candidates, and the bringing them and their intended constituencies into a position in which they could become sufficiently acquainted for the purpose of election. Manifestly some qualification would be necessary for a candidate to so high an office, we will suppose for example, that it might be a certain number of years service in the Colonial Office—a splendid apprenticeship—why rather than run the risk of suffering the infliction of one who might be inexperienced as well as incapable, and who, as a sort of counterpoise to want of energy and inaptitude for business, might have the assurance of self-reliance, without the ballast of integrity and independence of character, the inhabitants of a country would choose one whose weaknesses and shortcomings were familiar to them, and to whose incapacity they were accustomed. It would be no wonderful matter if the people of this Colony were called upon to choose between the present Governor and an unknown gentleman fresh from Downing street, that they should select Mr. Seymour. The English nation do not like change, and we who have so far shaken off this national feeling, as to have settled down on the Pacific Coast have not forgotten old traditions, and were the opportunity offered, rather than run any risk of going from bad to worse, the majority would be content with the evil with which use has made us familiar. It is perhaps then fortunate that such appointments are left in the hands of those who are to a certain extent responsible for their actions. The national will and the course of events cause changes to occur in the policy of the Colonial Office, and there is always hope that some Secretary of State, more gifted than ordinary, may recognize the expediency of bestowing some civilized form of Government upon this Colony; under which the Governor will either be relieved of some responsibility, or compelled to attend to the public business. We do not grudge to the Governor of this Colony ample time for relaxation, and for the rational enjoyments of private life, nor do we hold to the necessity of keeping Heads of Departments and other officials, rigidly to fixed hours, when there is positively no work to do, but it becomes a very different matter when we desire to consider how far it is necessary or desirable to keep up the present expensive system; we cannot avoid noticing when contemplating the possibility of some improvement in the administration of public affairs, how very easily the highest officials are able to dispense with all pretence of its being necessary for them to give their time or attention to public business. It is the loose and careless way in which all things, which ought to be under the immediate supervision of Government, are done, and the want of energy amongst the Executive, that, beyond all else, leads the people of the Colony, who are obliged to think and to work for their living, to desire reform and retrenchment.

Letter From "Sirius."

Victoria, Oct., 16, 1868.

EDITOR COLONIST,—I address you as Mr Editor although I well know that you only occupy the editorial columns by sufferance. Bluster and abuse may become you, but depend upon it it will neither disturb me nor delude the public.

In your article of October 5th you stated, that in the event of this Colony confederating with the Dominion, that Canada would give this Colony a fixed subsidy of $142 000. I stated then my opinion that this sum of money would come ont of the revenues derived by her from this Colony, and therefore that she would only be giving back again to us some of the money she derived from this Colony.

In place of proving this not to be the fact, you attempted to show (Oct 8th) by constructive figures that if this Colony joined herself to Canada, that this Colony would cost Canada $257,405 per annum! thus intending the public to be deluded into the idea that this Colony would gain $257,405 a year. I endeavored to show that your figures were incorrect, and that so far from Canada losing $257,405 per annum, she would, had Confederation taken place this year, only have lost $35,576, but if it took place next year (1869), she would probably be a gainer, and in about three years' time would have $36 000 less expense to bear on account of one of our loans then expiring. I gave reasons too for not admitting the loss which you claimed by substitution of tariff, and shewed that such loss (if any did occur) and others, could not be considered cash gained to the Government of this Colony. In this way I tried to show that the $142 000 given annually to this Colony would only be our own money returned, but also surmised that if this Colony remained separate she would be able to do for herself by similar means, all that Canada was asked to do, and further that we should retain in our hands the power of regulating our own tariff to suit the interests of the Colony and other matters of the utmost importance, instead of being reduced to a mere municipality, our central power taken away and our interests placed at the mercy of the Government at Ottawa, who could exercise a more despotic power than now exists, and we have no remedy. I admit I altered *your* figures, I stated so at the time; but of that presently. I will now take the last part of your leader of yesterday first, it is as follows: We will admit, however, in order to see its bearing on Confederation, that in 15 years our public debt will be paid off. Let us now suppose that we shall be admitted into the Dominion in 1869, and let us ask whether Canada would be out of debt on our account in 15 years? The Canadian deficit of $138,268 founded on 'Sirius'' own showing would in 15 years bring Canada into debt $2,074 020 for British Columbia. Again, if we admit, for argument sake, that the interest and sinking fund on our Public Debt will be reduced in three years to $84,000, then the Dominion would save annually $66,037. At the end of 12 years (the balance of the 15 years) the total deficit of Canada for that period for this Colony would consequently be $2 296,416 without including interest. If to the latter deficit $2 296,416 we add the deficit incurred by Canada during the first three years of the fifteen, which is $772,215 the total deficit of Canada would be $3 018,631 without interest.

Editor (real) of the BRITISH COLONIST, how can you permit your editorial columns to be polluted with so much ignorance—with a statement so totally unfounded laid down with such unblushing effrontery? You know the people of Victoria cannot be deluded by such a piece of impudence. *Canada incur a loss of* $3 018,631 *without interest in 15 years!* Is the revenue of this Colony to remain at a stand still and the supposed debt of Canada to go on 1 year after year? debt! debt! debt! no improvement under Confederation for the next fifteen years! You first wish to make the people believe that Confederation will populate this Colony—make it prosperous and rich, and now you tell them there will be no improvement in the revenue for the next fifteen years! Will the Consp—— give this version in their correspondence with the Government of Canada? Need I say any more to show how utterly worthless are your statements? If the Colony be a prey to irresponsible officials and harpies now as you coarsely assert, what would it be under a man such as the one who could pen such a statement as that above culled from your editorial columns? No! no! Let us not seek present Confederation, but let us improve our own Government. With regard to the statement that I put down the Canadian deficit at $138,268, I can only say that it equals in truth the debt of the Canadian Government. I stated that the Canadian Government would soon be a gainer; in 19 years how much would it amount to? I know I ought to stop here and not take any further notice of the article in question, because *ex uno disce omnia*, but lest I should be accused [but what would an accusation amount to from such a quarter] of timidity or something worse, I will reply as briefly as possible.

(To be continued.)

HOLLOWAY'S OINTMENT AND PILLS will be found the best friend to persons afflicted with ulcerations, bad legs, sores, abscesses, fistulas, and other painful and complicated complaints. Printed and very plain directions for the application of the Ointment are wrapped round each pot. Holloway's alterative Pills should be taken throughout the progress of the cure, to maintain the blood in a state of perfect purity and to prevent the health of the whole body being jeopardised by the local ailment; bad legs, old age's great grievances, are thus readily cured, without confining the patient to bed, or withdrawing from him the nutritious diet and generous support so imperatively demanded when weakening disease attacks advanced years or constitutions evincing premature decrepitude. 6

THE MOMENTOUS QUESTION.—Bank Managers, Note Discounters, Wholesale Merchants Real Estate Dealers and Money Lenders, invariably now enquire before transacting business with customers, 'Are you insured. Shipwreck of the Marsh Troupe.

A gentleman recently returned from England brings us news of the loss of the ship Mary in the China Seas, the vessel in which the Stone Troupe, with Messrs Marsh and Charles Clarke took their passage to China. The news was first obtained through a letter from Mr Gregory, one of the company, to a San Francisco paper. It appears the Mary and several other vessels were lying at anchor in some bay in the China seas, when they were caught in a typhoon which drove most of them on shore. The cable of the Mary which held out for some time, at last gave way, and she was carried on a mud flat, narrowly escaping being dashed on a reef of rocks. As she lay keeled over on her side she was attacked by pirates, which however were beaten off, gallantly. They were afterwards rescued by a steamer, from their perilous position.

JEM WARD IN NEW YORK—ENGLISH FEELING TOWARDS HON JOHN MORRISSEY.—Our Yankee cousins are quite in raptures with the old man Jem Ward, the 'Painter Pugilist,' who is quite the lion of the day in sporting circles of New York. The resorts have been, to quote from an American paper besieged by the admirers of Jem and his career. In Broadway, the Central Park and at Jerome Park races he was the observed of all observers. At the Fifth Avenue and other leading hotels he was introduced to many leading politicians by John Morrissey, member of Congress, who declared that Jem looked twenty years younger than when he (Morrissey) last shook hands in the modern Babylon. Mr Ward declares, so delighted is he with New York and its suburbs, that he intends to remain and settle. To this end a mammoth benefit is to be got up to put Jem into business. All we can wish is that he may be successful.—*Bell's Life.*

OFFICIAL.—An Ordinance to authorize the issue of short temporary loans has received Her Majesty's assent. A tract of land 6,400 acres in extent, formerly held under a Local Mining License from the Government, extending South-easterly along the shore of Baynes Sound, from a point abont 12 miles South-east of Comox, is further reserved by Government to the 19th April next. The iron buoys on the sandheads of the Fraser have been placed in position. Vessels entering Fraser River should pass each Can Buoy on the Port hand about one cable distance. Nunn buoys, which are painted red, must be passed on the Starboard hand. The above information is all that is necessary for Masters or Commanders of Vessels of light draught, 9 or 10 feet. For vessels of greater draught, local knowledge or a Pilot is absolutely necessary.

FROM NANAIMO.—The steamer Sir James Douglas from Nanaimo and Cowichan—the latter place where she lay stuck for the *log* on Thursday night—arrived in port yesterday afternoon. Twelve passengers and the usual stock and other produce came down. At Nanaimo the Shooting Star still remained coal laden for San Francisco. The Black Diamond is on the ways

POLICE COURT.—A female was charged yesterday with being drunk and disorderly. Fined 5s or six hour's imprisonment. Jas. Redman was charged with stealing a basket the property of George Campbell, and with a second charge of assault upon Campbell; the first case was dismissed, but for the second offence Redman was fined $5 or in default of payment, one week's imprisonment.

THE LOCAL ELECTIONS.—The following is official;—The Governor directs it to be notified that instructions have been issued for immediately ascertaining within the several districts of the Colony, the wishes of the people as to the selection of members to represent them in the ensuing Session of the Legislative Council of British Columbia.

A GREAT LEAP.—A horse owned by Capt Clark, of the Sir James Douglas, was out yesterday and accomplished a great feat. Something frightened the animal on Johnson street, when it started off at a full gallop down to the wharf and without hesitation jumped into the bay. It had to swim across to the opposite side to the reserve before it could be got out.

OWING to the fog the steamer Enterprise could not make her regular trip to New Westminster yesterday The Isabel is also weather-bound; and the George S Wright cannot get in from the Sound, being now two days over due.

CLEAN CHIMNEYS.—The fire in Mr Bayley's chimney last night suggests the necessity on the approach of weather which calls for warm fires, of our citizens seeing to their chimneys being thoroughly cleansed from the soot accumulating for months past.

FIRE.—The alarm bell was rung twice last night. On the first occasion the chimney of the house of Mr Bailey, Broad street, was on fire, but on the second, it was a false alarm.

CANDIDATES.—From what we can gather—and it is about time that the popular candidates commenced their buttonholing for the next election to the Legislative Council—the following will be pretty nearly correct: For the Cariboo District, Dr Carrall; Lillooet, Mr Walkem; Yale and Lytton, Mr Barnard; New Westminster, Mr Robson; Nanaimo, Mr Southgate, daily expected to arrive in the Colony; Victoria, Dr Helmcken, Mr DeCosmos and Mr Burnaby; Victoria District, J D Pemberton Esq.

LECTURE.—The Rev Mr Jenns, rector of St John's Church, delivered a lecture on Electricity, last night at the Ladies' College, to the pupils of the establishment and many of their parents and other visitors.

WE call attention to the fine lot of fat hogs barrows and sows, to be sold this day at the sale yard of J P Davies & Co, Fort street, also about 20 dozen chickens, ducks and geese.

THE Theatre Saloon will be re-opened by Frank Richards, it is said, who was burned out at the Barkerville conflagration.

TO HIS EXCELLENCY THE GOVERNOR,
New Westminster.

(PRIVATE.)

SIR,—I have observed that a gentleman known as Baron Munchausen, "Self-Reliance," has recently taken up his residence amongst us. I also understand that his mission is specially to watch the interests of your Government in this quarter. I am also led to believe that he has been duly accredited to reside near the court at Victoria to instruct "the Victoria politicians." From a careful reading of his letters on your masterly retrenchment policy and Confederation. I am deeply impressed with the remarkable sagacity that you have shown, in selecting one of the renowned Munchausen family to represent you. The good that has already been effected, warrants me in suggesting that no "cheap and nasty" salary would be a fitting reward for so useful a public servant. I have but one trifling suggestion to offer, which I hope you will receive in the same friendly spirit in which it is offered. It is this: that he be instructed to occasionally put a grain of truth into a bushel of his Munchausenisms, because many people, like myself, well affected towards your Government, entertain the conviction that the old definition of a diplomatic agent, that is, "one who lies abroad for the *good* of his country" is at present well illustrated in the public utterances of Baron Munchausen, "Self-Reliance."

I have the honor &c,
A TAXPAYER.

The English Elections.

Andrew Duff, brother of Gen Duff, United States Consul at Glasgow, is a candidate for the representation of that city in Parliament. Mr Duff is better known in the literary world under the *nom de plume* of 'Andrew Halliday.'

Mr Gladstone will be opposed in Lancashire by the second son of Lord Derby, but in the event of his defeat, he will be at no loss for a seat, the Liberal electors of Greenwich having decided to elect him one of their members.

The two Brights are secure in their seats for Birmingham and Manchester. At the former town Mr Muntz is the Liberal candidate for the third seat, and at Manchester, Ernest Jones carries the Liberal banner for the same honor.

Mr Forster, so well and favorably known in the United States, will head the poll without difficulty at Bradford, and will probably have for his colleague Mr Edward Miall, the talented editor of *The Nonconformist*.

John Walter of *The Times* is to contest his native County of Berks against the Tories His companion will be Auberon Herbert, who, albeit a brother of Lord Carnarvon, is a strenuous and well known Radical. The Tories hold all three seats at present. Vernon Harcourt (Historicus) will in harmony with Mr Cardwell, try to hold Oxford for the Liberal party, and the best information speaks of their return as safe; but the Tories with Mr Harcourt's brother at their head, will make a strong fight on the Church question.

The fight against John Stuart Mill in Westminster will be made on the Jamaica question, and there are doubtless hundreds of milk and water Liberals who will desert their standard-bearer on account of his heroic defense of equal rights for all, irrespective of color.

At Leicester a violent attempt will be made to oust Mr P A Taylor on the same issue, but the Radicalism of the 'Stocking District' is of too true a blue to be disturbed by any pro-Slavery element.

Mr Thomas Hughes will, it is believed, be returned without difficulty for Lambeth, in spite of money and beer. In fact, hundreds of respectable men of all parties will vote for Mr Hughes, who would otherwise not vote at all. Mr Hughes is determined that, if elected at all, he will be returned by the unbought and unbiassed suffrages of the people.

Prof. Fawcett will be elected for Brighton without any difficulty.

It is said that Baron Rothschild intends to retire from the representation of the City of London, and present circumstances indicate that Mr Baring, the banker, will—as a representative of the Tories—be allowed to hold the fourth seat under the minority clause, and without a contest.

Mr Layard will again be a candidate for Southwark. Edmond Beales, M A, will contest the Tower Hamlets, and it is said that Thomas Carlyle will unfold the Conservative flag at Chelsea.

Mr Lang, M P, spoke at Wick Burghs, on the Irish Church. In the course of his remarks he said: "Look at our colonies, see what is the result of maintaining a dominant sect there, where there are numerous sects Canada broke out in open rebellion so long as the connection with Church and State was maintained. But when you gave Canada self-government and took away the connection between the State and a dominant sect, she became prosperous, and now there is nothing but loyalty towards the British Crown and connection. Why should not that which is true in Canada hold equally true of Ireland? (Applause and hisses).

The *Times* severely censures Mr Disraeli for the rumored appointment of Lord Mayo to the Governor-Generalship of India. It says, Lord Mayo, while splendidly fitted for Irish management, is not at all qualified for Indian administration.

SPECIAL TO THE DAILY BRITISH COLONIST

LAST NIGHT'S DESPATCHES.

Europe.

MADRID, Oct. 12—The Provisional Junta has issued another circular urging the extinction of all religious corporations. The internal tax on home and foreign wares has been abolished. The Provisional Junta is sure of the adhesion of Lorsundi, Captain General of Cuba.

LONDON, Oct. 13—General Prim writes to the Emperor Napoleon that the Provisional Junta desires close relationship with France and prefers a ruler who will be acceptable to France and Europe. The provinces of Barcelona and Valencia being strongly protectionist, hesitate to recognize the Junta.

LONDON, Oct. 12—A meeting was held for the relief of the sufferers by the earthquakes in Peru; the Lord Mayor presided. Among the prominent persons who took part in the proceedings were the Governor of the Bank of England, the Rothschilds and Barings. Nearly £7000 sterling was raised.

The Spanish Junta has seized the property of the Jesuits and have abolished the order.

Gladstone commenced a political canvas in Lancashire with an able speech in which he denounced the Tories for bad financial policies and for their course on the Irish Church question.

LONDON, Oct. 14—Despatches from India report that the civil war in northern Affghanistan is at an end.

LONDON, Oct. 14—Dispatches from Spain say that the Bishops have pronounced against the Provisional Junta.

PARIS, Oct. 14—Menabrea the Italian Prime Minister is said to be in this city on a special mission in regard to Rome.

LIVERPOOL, Oct. 14—Gladstone addressed a political meeting to-night. He charged the Government with being responsible for unnecessary increase in the expenditures and urged the disestablishment of the civil church.

Eastern States.

PHILADELPHIA, Oct. 14—Forty counties show a Democratic majority of 4964. The same counties last year gave a Democratic majority of 10,580; twenty-six counties are yet to be heard from, which last year gave a Republican majority of 6711. The state is Republican by 8000 to 9000.

The *Herald* says the loss of Pennsylvania to the Democrats is a death blow to Seymour, and clearly indicates the election of Grant, and probably involves the loss of New York State to the Democracy.

INDIANAPOLIS, Oct. 14—Both parties now concede the election of the Republican State ticket by from 2000 to 3000 majority. The Democrats have three Congressmen; the Republicans have a majority in both branches of the Legislature.

PHILADELPHIA, Oct. 14—The table of the estimated report of the Republican majorities in all the countries of Pennsylvania foots up 13,000. It will probably be increased; 15 Republican, 8 Democratic Congressmen elected. The Democrats carried the whole city ticket. The Council will be largely Republican in both branches.

CHICAGO, Oct. 14, 1 P. M.—Detailed returns of the elections are still being received, but nothing changes the results already telegraphed.

PHILADELPHIA, Oct. 14—The *Press* says the Democrats have polled 10,000 illegal votes, and that Myers and all the candidates for the city offices will successfully contest the election. The last estimates give the Republican majority at 12,000 in Pennsylvania and about 20,000 in Ohia. In Indiana both parties still claim the State; the official vote will probably have to settle the question.

NEW YORK, Oct. 15—The *Herald* special from London says, the naturalization treaty negotiations which are being conducted between Minister Johnson and Lord Stanley are progressing in a favorable manner. The decision held by the United States with respect to the acquisition of citizenship, domestic and transferred allegiance by foreigners previous and since the war of 1812 has been fully maintained by Mr Johnson, in shaping the new naturalization bill, the work of which has just been completed.

Lord Stanley and Johnson are now engaged in the consideration of the Alabama claims which are pretty certain to be arranged.

Minister Burlingame representing the Emperor of China, makes friends personally and for his mission.

News despatches received from all parts of Europe convey the pleasant intelligence that the Burlingame Embassy is fully appreciated.

VERDICT OF THE FACULTY.—Stimulants indispensable as Medicines.—The most distinguished physicians in the United States have recently been placed on the witness stand, and have, with one voice, declared that pure stimulants are valuable medicinal agents. This decision of the faculty refers especially to medicated stimulants, of which the purest and the best at present known is HOSTETTER'S STOMACH BITTERS. Its basis is the alcoholic principle of the finest rye grown in the United States, and its herbal ingredients comprise the extracts of a large number of plants, barks and roots produced in various parts of the world, and all noted in the countries to which they are indigenous for their powerful sanative properties. As an invigorant and tonic the value of the Bitters can scarcely be overrated. Hence its extraordinary effect in fever and ague and intermittents and remittents of every type. Its antibilious properties are marvellous. Persons of billious habit, by taking a small quantity once or twice a day, may completely change their constitutional tendency to liver disease and escape all the unpleasant consequences which arise either from the undue sensitiveness or the unnatural torpidity of the biliary organs. Chronic constipation is eradicated thoroughly and in a very short space of time by small doses of this wholesome regulator; taken night and morning; and for all the disorders which are superinduced by exhalations from decomposing vegetable and animal matter in the streets of cities, or the miasma of swampy districts, it is; when taken as a protective and preventive medicine, the most reliable of all safeguards.

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. Its pre-eminence as a remedy for billious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive, that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation protected, so that both physical and moral energy are increased

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach regularity to the secretions, and purity to the fluids. Vertical dimness of sight and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning

Indigestion. Bilious Headache

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula King Evil

EXTRAORDINARY CURE OF A COUGH.

The following letter has been received from WILLIAM BOARDS, Esq., an extensive agriculturist and land agent, residing at Edmonton, Middlesex:—

"Nightingale Hall, Edmonton.

"Dear Sir,—I have recently suffered much from a most violent cough, proceeding from a tickling in my chest, which no remedy, out of many I resorted to, could allay. My head was constantly aching, and my whole frame entirely shaken. Having seen the good effects of your Balsam of Aniseed in several members of my family, I purchased a small bottle, and, when going to bed at night took a teaspoonful in two tablespoonfuls of water, just warm. The effect was immediate; it arrested the tickling in my chest, I slept well, and arose perfectly restored in the morning, with the exception of debility, arising from fatigue by incessant coughing for some days previous. My cough entirely left me, and has never returned Having since heard of a lady in the neighborhood who for a long time had laboured under a most distressing cough, and who had resorted to every remedy within her knowledge, I sent the remainder of the bottle to her; and that long-standing, obstinate, and (as she thought) incurable cough, was perfectly cured. You are at perfect liberty to make what use you may please of this communication, as the contents are strictly true I shall take every opportunity of recommending your inestimable medicine, feeling as I do fully assured of its efficacy.

"I am, dear Sir, yours very truly,
"WM. BOARDS.

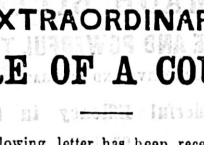

"To Mr. Thos. Powell."

THE KING OF PERFUMES.

THE VICTORIA PERFUMERY is now adopted by the ELITE of the arstocracy and fashionable world on account of the superior articles for the toilet each of which has been made a speciality.

The new perfumes prepared with the ESSENCE of YLANGYLANG extracted by distillation from the UNONA ODORATISSIMA and imported from the Philippine islands are beyond comparison for their delicacy and sweetness. We therefore recommend the BEAU MONDE to try as a handkerchief perfume.

THE EXTRACT OF YLANGYLANG

AND

THE MANILLA BOUQUET

Besides these, which are the exclusive property of their house, Messrs Rigaud and Co prepare in a most approved and superior manner all the fashionable scents, amongst which we may mention the

Ess Bouquet	Wood Violet	Mignonette
Jockey-Club	Bayerkake	Jessamine
New Mown Hay	Mousseline	Magnolia
Field Flowers	Rondeletia	Moss-Rose

RIGAUD'S TOLUTINE

Is an admirable toilet-water, the true talisman of beauty, preserving the freshness of the skin and the fairness of the complexion. It is the perfection of science adapted to the toilet, and is incontestably superior to Eau de Cologne, or the most esteemed of vinegars and the Florida water.

THE MIRANDA HAIR-OIL AND POMATUM.

Is a remarkable preparation which may be called a real treasure for the hair. It is composed of tonic and fortifying compound, and it beautifies and preserves the hair at the same time as it imparts to it a most refreshing pefume.

DENTORINE

AND TOOTH-PASTE.

THE DENTORINE is a pleasant elixir for the teeth; it perfumes and refreshes the mouth, strengthens the gums and prevents decay.

THE TOOTH-PASTE has made quite a revolution in this class of toilet necessary, and has done away with powders and opiates that are more or less acid and dangerous. A brush passed over it produces a soft and unctuous mucilage that gives the teeth a brilliant whiteness.

MIRANDA SOAP,

COMPOSED MAINLY OF THE MILK OF THE LETTUCE AND THE LILY.

A simple comparison of this soap with others sold by the perfumery trade, suffices to prove its superiority. It gives the skin a delightful surface, it lathers abundantly, forming a real milk bath, and is all that can be desired as to perfume.

THE ROSE POWDER

Preserves the skin from the roughness of the wind and the cold, gives it a soft freshness, and prevents red spots and freckles. It is far superior to rice and starch powders, and it is deliciously perfumed.

Medical.

French Medicines,

PREPARED BY

GRIMAULT & CO.

Chemists to H.I.P. Prince Napoleon,

PARIS.

THESE different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the **Academy of Medicine** and have been proved efficacious, either in the hospitals or in the practice of the first medicalmen, are authorised by the Government. This fact must be a guarantee for the excellence of **Messrs. Grimault et Co.'s** Medicines.

NO MORE COD LIVER OIL!

Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for Cod Liver Oil, and has been found most beneficial in **Diseases of the Chest, Scrofula, Lymphatic Disorders, Green Sickness, Muscular Atony, and Loss of Appetite.** It regenerates the constitution in purifying the blood, it being the most powerful depurative known. It has also been applied with happy results in **Diseases of the Skin.** Further, it will be found to be of great benefit to young children subject to **Humors** and **Obstructions of the Glands.**

CONSUMPTION CURED!

Grimault's Syrup of Hypophosphite of Lime.

This new medicine is considered to be a sovereign remedy in case of **Phthisis** and other **Diseases of the Lungs.** It promptly removes the most serious symptoms. The cough is relieved, night perspirations cease and the patient is rapidly restored to health.

N.B.—Be sure to see that the signature of **Grimault & Co.** is affixed to the bottle, as this Syrup is liable to imitations.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR BURIN DU BUISSON'S

(Laureate of the Paris Imperial Academy of Medicine

DIGESTIVE LOZENGES

This delicious preparation is always prescribed by the most reputed medical men in France in cases of derangements of the digestive organs, such as

Gastritis,
Gastralgia,
Long and Laborious Digestion,
Wind in the Stomach and Bowels,
Emaciation,
Jaundice, and
Complaints of the Liver & Loins

NERVOUS HEADACHE,
NEURALGIA,
DIARRHŒA, DYSENTERY,

INSTANTLY CURED BY

Grimault's Guarana.

This vegetable substance, which grows in the Brazils has been employed since time immemorial to cure **Inflammation of the Bowels.** It has proved to be of the greatest service in cases of **Cholera,** as it is a preventive and a cure in cases of Diarrhœa.

NO MORE COPAIBA OR CUBEBS!

Grimault's Capsules and Liquid Extract of Matico Vegitalis.

Where all other preparations have failed these preparations will always effect a cure. These insure rapid and extraordinary cure of severe recent and chronic cases of private diseases. They are used in the hospitals of Paris, by the celebrated Dr Ricard, and found greatly superior to all hitherto known mineral remedies and Copahia and Cubebs. The injection is used in recent, and capsules more chronic cases.

NEW REMEDIES, NEW REMEDIES.

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR Commercial, San Francisco, Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield, St. Luke's, Old street, St. Mary's, Camb. Place, Pad.; Lock, Harrow Road: University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's College, Portugal street

DR. GIBBON has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their frends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz.—Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Of those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

Dr. GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Cured at Home.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By enclosing $15 in currency or $10 in coin, in a registered letter through the Post office or through Wells Fargo & Co., a package of medicine will be forwarded by express to any part of the Pacific Coast.

Address DR J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco.—Post office box 262.

Remember to put BOX 262 on the letter.

Consultations FREE.

☞ Correspondents will please inform Dr Gibbon that they read his advertisement in the British Colonist.
